

"The role of the weekly newspaper is to mirror, faithfully and conscientiously, the community to the community, to provoke it where necessary, to praise it whenever possible, to defend it faithfully but always to serve it best by penetrating with the local news to a depth not possible with any other media."

From Vol. 1, Report of the Special Senate Committee on Mass Media, 1970.

Haliburton County The Echo

"The voice of the Highlands"

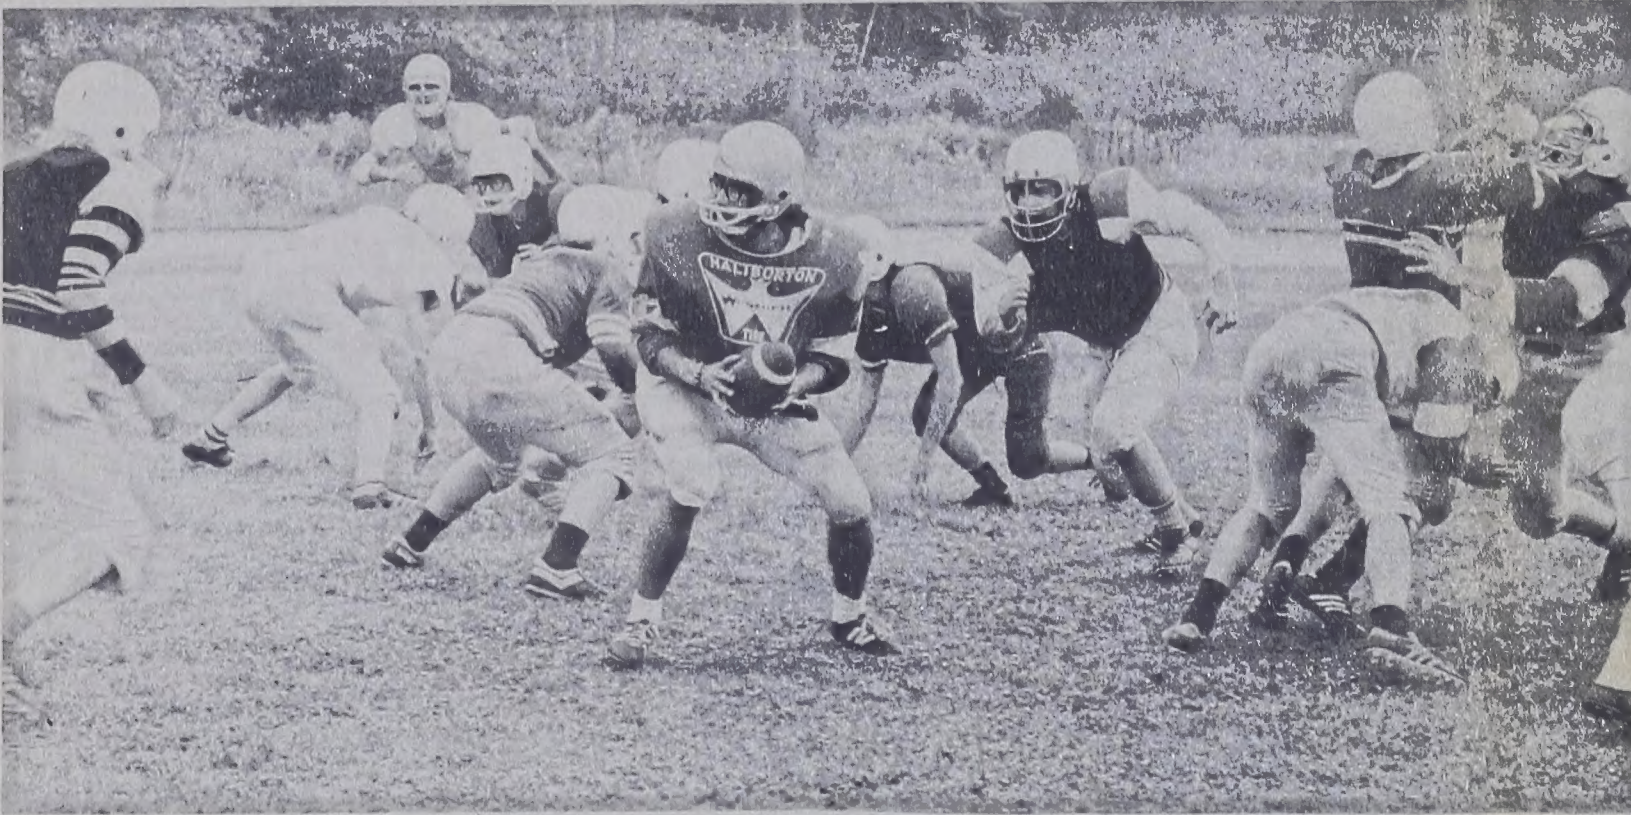

The Haliburton County Echo was established in 1882 as the Minden Echo and Haliburton Recorder. It is an independent weekly newspaper serving Haliburton County as its voice for 94 years. The Echo is published every Wednesday by Algonquin Graphics Ltd. Box 360 Haliburton, Ontario.

Vol. 93, No. 5

Circulation 4300

September 22, 1976

12 Pages 15 cents

Haliburton Highlands Secondary School football player Doug MacNab seems to be in a hurry to get rid of the ball as the opposing line rushes in on him. The team has been working out since school started in hopes of getting in

shape for the coming football season. Coach Gary Brohman feels that although the talent Haliburton displayed in the past few years is not as evident this season he said that the

team will make up for it with its enthusiasm to play. About 40 players have been turning up for practises this season. The usual number in past years is about 30.

County looking for education tax answers

Haliburton County Council has been assured that there is little that can be done about the seemingly high education taxes levied by the Board of Education.

Dysart Reeve Murray Fearrey said that a delegation from the county spoke with

representatives of the board of education and came to the realization that the reason for the education tax levied against property was because of cutbacks in the grants from the provincial government.

The total estimated re-

quirements for the municipality are \$231,031 while the county's financial requirements amount to \$142,984 and the education levy is \$614,105.

Reeve Fearrey said that the county delegation felt, after talking to the school board, that the levy is something that couldn't be controlled.

When asked if the municipality had made any moves to see if the board could collect its own taxes instead of putting the requirement on Dysart, Reeve Fearrey

said his council had not. He noted that if the board had to collect its own taxes it would mean that a double set of books would have to be kept.

He said the only solution he could see to the problem would be to have a change in the education tax base such as putting more emphasis on the share that is paid by the province.

The total budget for the municipality is \$2,628,125 of which \$1.6 million comes from the province and about 38 per cent comes from the local property taxes.

Hawk Lake inquest

Construction manual followed

Steve LeLievre, clerk of the works at the construction of the Hawk Lake causeway that collapsed last spring and caused three deaths, told the

coroner's inquest into the accident that he had been instructed to follow a manual provided by the suppliers of the steel culvert in construc-

tioning the causeway.

LeLievre, an employee of Harry Curry Bishop Ltd. at the time, worked under Tye

Irwin, and engineering technician with the firm. By his own testimony and by Irwin's, LeLievre had been directed to follow the instructions of Westeel Rosco as they were given him by the manual and by Warren Jenner, Westeel's representative.

Jenner, who agreed with Irwin to visit the site "in conjunction with other projects" in order to keep the cost of supervision down for the sake of the cottagers who commissioned the structure, Irwin said, was present at the site five times.

Irwin himself, by his own testimony given last Tuesday was not present at the site from November to April while the causeway was under construction.

LeLievre took over from Ron Storey, also employed by Bishop, as on-site coordinator early in December. He kept a log of the proceedings from November 13 until March 17. He told the inquest that he was "not an engineer" and that some of the terms in the manual were technical.

When a 10 to 15 foot gap remained at the top of the culvert after the plates had been bolted together, the log showed, Westeel was consulted. Jenner was present to advise on the closing of the gap. The ends were forced together along threaded rods.

Curry Bishop testified last Monday that the force exerted to close the gap may have been a cause of metal fatigue and may have led to the collapse.

Compaction tests to determine the density of backfill material on either side of the culvert were not taken, both Irwin and LeLievre said, because such tests would have necessitated a delay in the construction. The procedure for backfilling, which involved scraping away frozen materials each morning and filling only with unfrozen material, was thought to be adequate at the time. Earlier in the inquest soil experts had testified that tests taken after the collapse showed the earth to be very loose.

LeLievre's testimony has been interrupted by a break in the proceedings. The inquest has been adjourned until September 29.

Guilty of mischief

James Brown, 20, John Leboy, 17, and Kenneth Bruce, 18, all of Bancroft were found guilty Tuesday of mischief done to three automobiles on March 23, in the Harcourt area.

At 10:00 p.m. on that date, Donald Donaldson reported to the OPP damages of \$400 caused to the paintwork of his vehicle. Investigation of the site where the damage had been first discovered led to the arrest of the three boys, who had also smashed the glass and damaged the paint on two other vehicles parked in the same area.

The three had already been charged for liquor infractions earlier in the day.

The court was told that it appeared to be an unplanned escapade. Sentence was adjourned until November 23,

by which time a pre-sentence report will have been prepared and the probation officer notified.

Reeve Murray Fearrey gets a lesson in hula dancing from grass skirted Charles Plewman. Reeve Fearrey even got a chance to try out what he had learned at the Hawaiian Luau held at Extensicare Friday night. The luau featured Hawaiian dress, food and authentic entertainment and was held as part of Nursing Home Week.

Stealing dog charge dismissed in court

Dale Oldham of Gooderham was cleared of charges of stealing his own dog from the Glamorgan pound.

The dog was taken into the pound by the by-law enforcement officer, Philip Bill-

ings, on Friday, March 26.

Mr. Oldham was accused of causing damage to the property of the township in forcing the lock of the kennel, and of theft of the black Labrador retriever on

Saturday March 27

Damage to the lock was not proved, as the lock had not been tried since the time of the incident. The crown was unable to prove theft, and since the by-law under which the dog was impounded was not properly presented to the court, the charges were dismissed.

Dismissed

A charge of careless driving laid against William Schriber of Scarborough was dismissed when the accused presented an explanation of the occurrence that countered the Crown's accusation.

Mr. Schriber testified that he left the roadway and crashed because an oncoming vehicle was driving in the centre of the road.

The court ruled that the lack of control on Mr. Schriber's part had been adequately accounted for, despite the Crown's supposition that Mr. Schriber failed to observe the curve where the accident took place, and was travelling too quickly to remain in control.

2-year-old drowns in Harcourt mishap

A two-year-old Harcourt area youngster drowned Friday in the Benoit River.

The Minden detachment of the Ontario Provincial Police report that the youngster, Gregory Allen Anderson, was outside playing between 2 and 2:15 p.m. and could not be found at 2:30 p.m. when his mother, Betty Ann Anderson, 22, called for him.

The mother and two neighbors went looking for the boy and found him in the river about 30 feet from shore floating face down. Mouth to mouth resuscitation attempts by the neighbours and the Bancroft ambulance attendants was unsuccessful.

The cause of death was listed as asphyxiation due to drowning.

Monmouth Arena repairs will be over \$40,000

Repairs to the Monmouth Community Arena could exceed \$40,000 to make the building comply to the 1971 Safety Act.

In a release from Monmouth deputy Reeve Keith Tallman it is stated that it is not yet known how extensive the repairs are.

"The engineer's report on the condition and structural adequacy of our arena has been received and based on the report the arena does not comply with the Safety Act 1971 and therefore extensive repairs are necessary," the release stated.

Mr. Tallman said that although the arena was constructed in 1950 and met the safety standards at the time, "it now becomes necessary to comply with the 1971 Safety Act and therefore the repairs will be carried out."

He also indicated it would be possible for the arena to be kept in use during the duration of the repair work providing that the engineer can establish an acceptable monitoring program with continuous control and surveillance by the persons in charge of the arena.

"Provincial grants through the Com-

munity Recreation Centres Act and Wintario funds will provide 75 per cent of the total cost of the repairs while the remaining 25 per cent will be raised through public subscription. As a result municipal tax rates will not be affected," Mr. Tallman said.

The release went on to say, "When it comes to monster fund raising drives the village of Wilberforce takes a back seat to none." It goes on to say that the village of Wilberforce has taken up the challenge and is determined to "come hell or high water that the arena must and will remain

open," it stated.

"The possibility that all winter activities to be held in the arena would cease has presented just cause to the citizens of this area to rally round and to spend freely of their time and money in an all out effort to save our arena," the release said.

The fund will start with a walk-a-thon Sept. 25 and will be followed by a monster weekend that has been named Save The Arena. Autumnfest on Oct. 9 and 10 and will feature helicopter rides, afternoon gardens with live entertain-

ment and a smorgasborg breakfast.

There will also be a monster bake sale and many other attractions "for young and old alike."

Canvassers will also be going from door to door in order to raise the fund and the release said, "please be generous."

Donations will also be appreciated addressed to the Bank of Nova Scotia and marked Save Our Arena Fund.

Haliburton Highlights

The colored lights on the main street have all been repaired and new bulbs have been installed. They sure look nice when they are all in operation.

The Hawaiian Luau held at Extencicare on Friday night was a great success as a great many people turned out for the festivities. Everyone had a wonderful time and the food was just out of this world.

There have been several homes broken into in the village so if you go out make sure that your doors are locked.

A great sound and a good word with Bruce Scott was heard at the Harcourt Community Chapel from September 15 to 19th. It was a very inspiring message.

Travelways invite you to attend the Lindsay Central Exhibition on September 23, 24 & 25th. Buses leave Haliburton each day at 8:50 a.m. and arrive at the gate at 10:40 a.m. Return leaves Fairgrounds at 6:20 p.m. Programmes available from your local Travelways Agent.

The Haliburton County Snowmobile Association September Dance held on Saturday, September 18th was a great success.

Haliburton Festacolor presents Alfie Fromager of CKVR-TV3 at the Haliburton Arena on Saturday, September 25th at 9 p.m. Dance to Country, Western, Pop, Rock. Tickets are \$2.50 per person.

Back by popular demand for a return engagement is Dusty Lee Rivers and the Canadian Country Jubilee. Show and Dance at the Minden Community Centre on Friday, September 24th at 8:30 p.m. featuring Miss Shelley - Lou Marie. Admission \$3.00 per person.

Taxpayers in Haliburton County got a little extra in their tax bills this time around. A short message was sent by the Haliburton County Economic Development Commission explaining the groups objectives.

"Our commission was appointed to broaden the tax base with the introduction into the county of industry, that is compatible with our present environment," the note said.

The first objective in the message is "To attract non-polluting manufacturing concerns that will not interfere with any of the recreational aspects of our county so enjoyable to us all."

Secondly it is stated, "To create year round employment for those presently residing here and those who at some time wish to become permanent residents."

The third objective stated is, "To find employment for the graduates of our county education system."

"At the present rate of recreational development within the county we must find additional tax revenue. We ask all residents to take an active part in this endeavour," it was noted.

People interested in business progress in Haliburton County are asked to contact the Haliburton County Economic Development Commission Box 1000, Haliburton, Ontario.

Captain and Mrs. William Waywell were honored at a dinner Friday night. The Waywell's are moving to Picton in the near future. Captain Waywell was first stationed here by the Salvation Army in 1928 as a Lt. for two years. Captain at the time was Robert Wright. Captain Waywell returned in 1964 and served the area until 1967. He retired in 1972 but was called back to Haliburton in 1973. Captain Waywell retired again in 1974.

Carnarvon news

Mrs. & Mrs. Ambrose McCracken of Cobourg visited with the Jack Barnharts last week.

Mrs. Arch McKay spent several days last week visiting with her daughter and son-in-law Mr. & Mrs. Harley Newell in Gelett.

1st Carnarvon Brownie Pack will resume meetings at Zion United Church in Carnarvon at 7 p.m. on October 5th, 1976.

Mrs. Mabel Hellams has been visiting with Mrs. Minaker. Mrs. Hellams is from Cameron.

Sinclair Russel is in Toronto General Hospital,

and we hope that we will soon be well enough to come home.

Mr. & Mrs. Jack Gregory are visiting with their son and his family in Ottawa.

Our deepest sympathy is extended to Muriel Brown in the death of her husband Norman. The funeral was held on Tuesday from Zion United Church in Carnarvon. Norman had lived here all his life. He had been ill for quite some time. A number of friends from Brantford attended the funeral as well as their neighbours and friends from here. Rev. Jull (a former minister from here) took the service.

Surprise party for area couple

Sunday, Sept. 12 marked a special milestone in the lives of Leslie and Nina Prentice when they celebrated their 40th wedding anniversary.

There were two very surprised people when they walked into the Ross Harrisons home in Carnarvon to find the entire family had gathered to do them honor.

Among those present were Mr. & Mrs. Neil Barnhart (Eleanor) and family who had done some very careful planning to make the party a complete surprise for their parents.

Eleanor also provided the beautiful white cake which was cut by the bride of 40 years ago.

Neil Russell, eldest nephew

proposed a toast to Leslie and Nina, to which Leslie responded.

There was food, fun and fellowship galore and a great many conversations that began - "Remember When?"

A book of memories containing pictures, comments and stories and old family jokes, compiled by various members of the family was presented to Nina and Leslie, as well as other gifts to mark the occasion.

Guests were present from Niagara Falls, Toronto, Belleville, Newmarket, Dwight, Minden and Carnarvon.

It was a happy day for all, and good wishes were extended for many years ahead.

This and that

By Jennifer Woods

Salads have become more and more popular all year round. They are great for a main meal or for a dessert because salads can be either fruit or vegetable.

I began to get a bit bored with the ordinary salad so I began using things like yogurt as a dressing and white wine as an attractive addition. Everyone needs a change once in a while, and I am sure you will enjoy these recipes.

Our favourites are fruit and nut yogurt and melons in wine. The first one is easy and light and the second one is very special, but not anymore work than baking a pie or a cake. It is wonderful for guests because it really is unusual and most people like melon.

And the final salad that is very special to me is one that my husband conjured up with a little help from his friends, stuffed lettuce leaves with blue cheese sauce.

FRUIT AND NUT YOGURT

This is a tangy salad that is so easy to make and it will surprise you with its versatility. Cut up apples (and dip them in lemon juice to prevent them from turning brown), oranges, grapes and any other fruit that you wish. To the fruit add almonds and raisins. Over this mixture pour your favourite yogurt, and blend it in well. This is delicious and it is just as good for breakfast as it is for dessert because there is protein in yogurt.

MELONS IN WINE

Cut a watermelon in half and using a melon baller gouge out the entire melon until you have only the shell left. Place the melon balls to the side. Now ball a canteloupe and a honeydew. Add all the different melon balls to the shell of the watermelon until the half shell is full. Then pour your favourite white wine over it. Let it sit in the fridge for a couple of hours, and serve it ice cold to family or guests. A fun way to serve this dessert is to give everyone a long sherbert spoon and make the melon a communal dish - whatever you do it will be a hit. And with all the different colours of melon it makes a most attractive centrepiece in a buffet.

STUFFED LETTUCE BALLS

Here is a nice change using lettuce that you will enjoy making as well as eating. The more hands helping the better. Beat some cottage cheese until it is smooth and add grated onion or chives, chopped celery and chopped peppers and nut meats. Then add seedless raisins and chopped ham. Spread a thick layer of the cheese mixture on large lettuce leaves. Roll the leaves up and secure them with toothpicks and chill. The quantity is up to you and the quality will be great.

BLUE CHEESE DRESSING

Place blue cheese in your blender and add mayonnaise or plain yogurt until it is nicely blended. Then place in a serving dish and garnish with basil. This dressing goes very well with the lettuce rolls.

I hope that you will enjoy these recipes and "good eating to you and your family."

Four injured in two car crash Saturday on Highway 530

A two car crash Friday night on Highway 530, east of St. Peter's Road sent four people to Minden Hospital.

More grants for boards

Ontario's school boards will receive \$165 million more in provincial grants next year, Education Minister Thomas Wells said last week.

Mr. Wells said the increase will bring the total Ontario grant to school boards to \$1.88 billion in 1977.

Hugh Collim, 52, the driver of one of the vehicles, received a neck injury and Mary Collim, 46, a passenger in the car received a back injury. The Collims are from Agincourt.

Angela Sisson, 17, of West Guilford, the driver of the other vehicle received a nose injury and Wanda Cooper, 17, of West Guilford, a passenger in the Sison vehicle received whiplash in the crash.

There was \$2,000 damage to each of the vehicles. Miss Sisson has been charged with failing to share half of the roadway.

A motorcycle accident Sunday afternoon sent the

driver to Ross Memorial Hospital in Lindsay with cuts, bruises and internal injuries.

William Grey, 20, RR 2 Stouffville, was injured when the motorcycle he was riding fell on its side.

There was \$1,000 damage to the motorcycle. The Minden detachment of the Ontario Provincial Police report that charges are pending. The accident took place on Highway 35 in front of Austin's Esso.

Two people received minor injuries in a single vehicle accident Saturday afternoon

on Highway 121 east of North Kashagawigamog Lake Road.

Margaret Barry, 18, of RR 1 Haliburton, the driver of the vehicle received bruises and Bernard Barry, 23, of RR 1 Minden received cuts and bruises. Both were taken to Haliburton Hospital. There was \$1,000 damage to the 1976 model pickup truck.

Sidney Cohen, 48 of Grand Island, New York, received cuts and bruises when the car he was driving went out of control on wet pavement and struck a rock Saturday morning.

There was \$950 damage to the vehicle. The accident took place on Highway 503 east of Kinmount.

A single car crash on Highway 35, west of Hawk Lake Road early Saturday morning resulted in \$1,000 damage to a car driven by William Shelly, 34, of Minden.

The vehicle was northbound on the highway when a tire blew out. The car went off the road and struck a rock cut.

Shelly has been charged with driving an unsafe vehicle.

Chamber annual meeting

The Haliburton Highlands Chamber of Commerce is calling the 1976 annual meeting scheduled for Oct. 6 at the Pine Stone Inn and Country Club the social event of the year.

The meeting will mark the first presentation of the "Highlander of the Year" award to the citizen the Chamber feels has given an outstanding contribution to community service of the Haliburton Highlands.

The meeting begins at 6:30 p.m. with a reception, the dinner will take place at 7:30 p.m., followed by a short business meeting which will include elections and presentations. A dance will begin at 9 p.m.

Two changes have been proposed to the constitution, one which would make the chamber's secretary-manager an executive director on a year to year basis at the discretion of the board of directors which is to allow the manager voting privileges at meetings of organizations the chamber belongs to. The secretary-manager, according to the proposed change would not have voting privilege on the board of directors of the chamber.

The second suggested change is that the annual dues paid by the members be determined annually by the board of directors.

The reason for the change,

stated in a release from the chamber is, "Presently any change in membership dues must go before the membership at an annual meeting. We have found that most Chamber of Commerce leave this responsibility with their board of directors to allow them greater flexibility. Our present circumstances are such that our financial assistance fluctuates and future plans may provide increased or decreased services to specific types of business operations. These changes should be reflected in our schedule of dues without the necessity of awaiting the next annual meeting."

The release from the chamber pointed out that there are vacancies on the board of directors and the nominating committee is preparing a slate of nominees for the meeting. "Any person interested in serving on the board is asked to contact Dennis Casey, 457-2583 or Bill Foote, 286-2481 no later than Sept. 30."

In hospital

In the hospital this week are Mr. Ray Archer, Mrs. Ruby Gillespie, Mr. James Peacock, Mr. Ross Bryant, Mrs. Isabel Stevens and Mrs. Constance Burk.

The Stanhope Township Library Committee

Thank those who donated money, materials, professional services, and labour in furnishing the library and landscaping the grounds. Our thanks are extended to the following:

The Haliburton County Public Library Board and the Lake Ontario Regional Library System for books and furniture. The Hickman - Schram fund for gifts and making possible the donation of a painting by Mrs. Jane Magill.

The Maple Lake U.C.W., St. Peter's U.C.W., and Zion U.C.W. for their parts in the serving of refreshments at the official opening of the library.

The ladies who loaned their silver tea services for the reception.

The Zion Boy Scouts for their fine work in controlling traffic.

The people who supported the 50-50 draw and other fund raising activities.

Again Thank You to All.

The winner of the 50-50 Draw was Mrs. Pearl Foster, R.R. #2, Minden.

Corduroy Trials give tourist business a boost in Highlands

Every once in a while an opportunity comes along that will help Haliburton to become better known as a nice place to holiday. Such was the case a few weeks ago when the British Empire Motor Club of Toronto hosted, for the third consecutive year, their Corduroy Trials in Haliburton County.

Over 300 riders were entered in the event and with them came family, mechanics and spectators. Many of the motels and resorts were booked to capacity and restaurants full, all adding to the general economy of a county that's concentrating on tourism as its major industry. And all of this following the Labor Day weekend when things are usually pretty quiet around the countryside. It seems like a godsend.

The sad part to this otherwise happy story is that very little publicity was given the event in advance because

apparently very little was known about it. It seems to us that this type of event is a natural for promotion by the Chamber of Commerce and that the area service clubs could also tie in very well. It is the type of activity that spreads itself throughout the county and therefore the chamber should have little hesitation in giving it full support.

We understand that the British Empire Motor Club intends to hold the event here again next year. Perhaps this time the community at large, as well as the chamber, will give whole hearted support and assist where ever possible. It is events such as these that provide excitement for spectators and could conceivably create a mini Mosport for Haliburton.

It is true that sometimes the obvious and that which is on our own doorstep is overlooked. We hope that doesn't happen with the Corduroy Trials.

Our Pic of the Past this week shows a photographic expedition in the upper reaches of the Burnt River at Haliburton. That's Norm Smith

Pic of the Past

standing on the right. The photo was taken in the year 1938. Our thanks to Bruce Mills of Haliburton for supplying us with this photo.

Make sure that you lock your doors

During the past few weeks several homes in the village of Haliburton have been broken into and many articles have been stolen. It just hasn't been a case of one or two homes. It has been many. This is very annoying to the people who have lost furniture and other articles. These same people have become very annoyed and upset and they are all hoping that the thieves will be caught. Up to this time to our knowledge no one has been caught.

The Minden detachment of the Ontario Provincial Police have been working on the case but as yet there has been no results.

At one time in Haliburton it was safe to leave your house and no one locked their doors knowing full well that

nothing would be taken. But to-day with all the vandalism its a new ball game and when you go out you must lock your doors to make good and sure that no one can make easy entry into your home.

The police also remind everyone to write down the serial number of their main appliances and if they are stolen they are that much easier to track down. This is a must in this day and age.

Its really unfortunate that when one leaves their home that they must lock their doors but this seems to be the case, and make good sure that you do it.

We hope that in the future that the people who are breaking into these homes will be apprehended and that action will be taken against them. A word to the wise. Make sure that you lock your doors.

Keeping the Highlands clean up to us all

Here in the Highlands of Haliburton we are blessed with beautiful lakes, rivers, streams, forests and beautiful countryside. But the big question is how long we are going to keep it this way. Its up to us whether we want to keep it beautiful or throw litter all over the place and make it a real mess.

How easy it is for all of us to throw papers, boxes and such on the streets and roads or in the bush when in most cases litter containers are not too far away.

This week we learned that some people seem to be making a habit of taking their garbage and throwing it along the side of the road or putting it in

the ditches. How long we ask can this go on before we have a real pollution problem?

Here in the Highlands each municipality has its own garbage disposal dumps and these are the places for your garbage - not along the highway or in other places. It is high time the offenders were caught and brought up before the courts and shown that this is the wrong thing to do.

The Ontario Government are constantly reminding us to keep Ontario beautiful, well it is just about time we started to clear up this matter right in our own back yard.

The fruits of summer

©The Argyle Syndicate Ltd.

Bill Smiley

End of summer, and it's piggy time in most of Canada. You know what I mean. Don't tell me you haven't laid a cob of corn, slathered in butter, across your face recently.

For most of the year, in this northern clime, we must content ourselves with produce grown either in greenhouses or in the States and it's about as tasty as an old rubber boot.

Oh, it looks great on the supermarket stands. Sock the sprinkler to it several times a day, and the junk looks crisp and fresh. But the celery tastes much like the lettuce, the turnips much like the potatoes, the oranges picked green, much like the grapefruit. And those pale pink tomatoes, in their neat cellophane packages, taste like nothing at all.

But for one glorious short burst, Canadians can live like gourmets, gourmands, or gluttons, as they choose.

First come those slim green onions, fresh out of the soil. There are so crisp and zingy they don't even seem to be distant relatives of the limp bunches we buy in the winter.

Then the trickle turns to a stream as the baby potatoes appear, and the fat, juicy strawberries, and the mouthwatering raspberries a bit later, and right along, the crunchy green and yellow beans, fresh-picked.

And then, perhaps the greatest of them all, real tomatoes, plump and firm and sun-kissed, with a flavor surely designed by the gods themselves. They are no more like that imported trash than a sexy kiss is like a pat on the back.

Had I the talent, I would write an ode to the lowly tomatoe. A friend of ours who has a small farm brought a basket of his beauties around the other day. I put them in the kitchen, went out to his truck to chat for a minute. Came back in and caught my wife leaning over the kitchen sink, slobbering as she wolfed them down, a tomato in one hand, salt shaker in the other. I had to lock

her in the basement for a while, or she'd have cleaned up the whole basket.

And then, of course, there are the cucumbers, so fresh they almost snap back at you when you bite into a slice.

Into August and the piece de resistance - ear-to-ear sweet corn. It must be fresh picked, and not boiled too. Lather it with butter, get your head down, nose out of the way, and go to it.

My heart goes out to those people whose teeth are so worn down or so insecure that they can't eat corn off the cob. The only thing worse would be to be impotent.

Some of my most treasured memories are connected with corn. When I was a kid, we used to steal it. Over the fence into somebody's garden, stuff the shirts with corn, and back over the fence, hearts pounding waiting for the shout or the shotgun. Then off to the sand-pit, build a fire, and gorge. We didn't use a knife to spread the butter on. One of the gang would have filched a pound of butter. Put the butter in an empty can, melt it over the fire, then just stick the whole cob into the can.

Another memory is of swiping corn from our own gardens, and taking it down to the "jungle" by the railway tracks, where the hobos lived in summer. Then a royal feast, lying back afterwards and choking over the hand rolled smokes the unemployed rail-riders would give us kids.

As a skinny 13 year old, I set a family record by going through 13 cobs of corn at a single sitting. In those days, you didn't fool around with corn, using it as a side-dish, along with cold meat, potato salad and other nonsense. If you had corn for supper, you had corn - until it was coming out your ears. The only thing that interfered with the eating was having to come up for air once in a while.

Before this column gets too corny, ha ha, let's get back to that cornucopia of succulence the average can slurp through for a couple of ineffably delicious months of gluttony.

Right along with the corn come the peaches. I just had three for breakfast, peeled, sliced, sugared and covered with cream. My wife worked as a peach-picker when she was a student, and she has an eagle eye for the best, firm, ripe, juice-spiriting.

And what is more delectable than a fresh, ripe pear? You need a bib to eat them, and I say "them" advisably. Anyone who eats only one pear at a time is not a true Canadian.

Plums. Buttered beets. Boiled new potatoes. Butternut squash. If you see a few stains on the paper as you read this, don't be alarmed. It is just drool.

You can take your grapes and squash them. You can take your bananas and stuff them. Who needs meat?

Just set me down at a table, preferably the picnic table in the backyard, with the sun slanting in from the west. Then set before me a plate of new potatoes, boiled in their skins, and half a dozen cobs of just-shucked corn, and a pound of butter.

On a side plate, one ripe tomato, cut in thick slices, half a young cucumber, cut in thin slices, six or eight slim green onions, the whole resting on a bed of that dark-green lettuce fresh from the garden. Salt and pepper and a little vinegar within reach.

Then stand well back. Or better still, don your sou'wester. There is going to be a lot of juice flying.

Show me a dinner of Canada's finest produce about the end of August, and I wouldn't trade it for the most exotic meal in the most elegant restaurant in Paris.

Even the mind slobbers a little, in retrospect.

Editor's notebook

BY JIM BADGLEY

The common complaint throughout Ontario hit home at Dysart et al council last week.

The council heard that Harcourt, or at least a number of residents of that area, are concerned that they are not getting a fair share of the municipal tax dollars.

No doubt to the people who feel this way there are a number of examples, but certainly Harcourt and the other small communities within Dysart are getting benefits from being part of the municipality.

The first and foremost expenditure of municipal tax dollars in an area such as Harcourt is for education. It does not take a great deal of thought to realize that it is more expensive to bus children to school than it is to have them walk, but the cost of busing is put on all residents, whether they have children, whether the children walk or are bused.

The council will give the residents a pretty strong argument about the education costs, most will be impossible to argue against. There are other benefits for these outlying small communities within the municipality and I would bet that if the council wasn't distributing the funds as fairly as possible, most members wouldn't have seats as our municipal heads after the next election.

Talking about education taxes, I would be surprised if the council didn't agree unanimously

to have the board of education collect its own taxes.

One finds that the board is the major spender of tax dollars in the area yet the problems and ridicule of being the tax collector is on the municipality.

This generally puts the municipally elected people in a bad position. Because taxes are always a major topic of discussion, people only have to look to the municipality to see how much is taken. Seldom, or should I say not too often does the average taxpayer question how much is spent on education.

When there is an increase in the education portion of our municipal taxes, the council is the one who has to attempt to explain it to the voters.

In years gone by, most Ontario residents prided themselves in the excellent school system that developed for our youngsters, and to most people money spent on education was well spent. To argue against education expenses was put on a similar note as downgrading motherhood.

The time has now come all over the province to sit down and take a close look at education expenses and possibly get back to the basics. We see the province making major cuts in a number of very important areas, including health care, but still education seems to continue to roll on.

No doubt, local boards were required to keep their budgets down to a small increase, but

perhaps they should have been forced to keep them down to no increase at all.

Sitting in a newspaper office I get a great deal of correspondence from the provincial government indicating that enrolment is dropping in our school system, yet we still hear of education costs going up. Hopefully this means that the system is improving over what you and I experienced when we attended school, but somehow I doubt it.

I have also been exposed to a number of well educated people, who are quick to say that today's youth just are not being trained to get out into the working world.

A few months ago, I sat in on a speech by a top ranking official of the Ontario Chamber of Commerce, who at that time made a plea for our educators to get back to the basics, reading and writing. This person explained that members of the Ontario Chamber had been complaining to him about the lack of knowledge toward work our high school and university graduates have when they are hired to do a job.

I am not saying that everyone out of school is not capable of handling work situations, but many are and now is the time for us, as voters, and school boards as elected representatives and the Ministry of Education to take another look at what is going on and attempt to solve our education problems before they get too far out of hand.

The Echo

From the Chamber

by Bob Stinson

The Board of Directors of the Chamber met last week and high on the agenda were the plans for the upcoming annual meeting. The event will take place on October 6th at the brand new Pine Stone Inn & Country Club. The dinner meeting will be followed by dancing, a new annual will be the presentation of the Chamber's "Highlander of the Year" award. The board has selected a local citizen whom they feel has contributed an outstanding effort towards the betterment of our community. This promises to be the social event of the year and we look forward to seeing many of you there. All of the directors, as well as the Chamber office now have the tickets available at only \$15.00 per couple.

With so much activity presently underway the board decided to postpone the Elimination-Draw Dance in Wilberforce to Dec. 11th. This event will not only enable you to have an enjoyable evening at the new Lloyd Watson Hall, dancing to live music, but a chance to win \$1,000.00 in cash if your ticket is the last one remaining in the drum. Many other prizes will be awarded throughout the evening as well. Tickets will be available by next week.

The community calendar has also had to be postponed, mainly due to the fact that most of the service clubs were unable to give us their social calendar prior to the middle of September. If you haven't ordered your calendar yet why not call us now? For only \$2.50 you get a calendar with your anniversary and the entire family's birth dates shown along with all your friends and neighbours, and listings of most of the year's social events all shown on the dates they are happening.

We are pleased to report that 16 people came out to Deer Lodge last week to get the Haliburton Highlands Cross Country Ski Club underway. The meeting was also attended by Ken Fielding and Steve Berry representing our Snowmobile Association. In most parts of the country Snowmobilers and Skiers are at each other's throats, but at least here in Haliburton there is a good spirit of co-operation. Ken and Steve were able to supply the group with a considerable amount of good advice based on their own association's experience, and they also pledged their continued co-operation. The Lake Kashagawigamog Resort Area Association were also represented and explained that they would like to work with the club in the development of trails in their immediate area. The initial projects therefore will be trails in their immediate area. The initial projects therefore will be trails around Lake Kashagawigamog and Glebe Centennial Park at Haliburton and they hope to run a Loppet in conjunction with the Haliburton Winter Carnival. Their scope would certainly enlarge with the appearance of interested parties from other areas. If you are interested in Cross Country Skiing we suggest you contact either Blair Pearce at 457-1085, or John Beachli at 457-2973. We certainly wish them success.

We have been quoted recently as saying that the past Tourist season has been a good one. It is only fair to qualify that by adding that this is comparatively speaking. Very few operators experienced any substantial increase in business and many had a decrease, but compared to other tourist areas that we are in contact with we did far better than most. We are also well aware that the return on investment dollar is far from satisfactory which of course results in a great many places currently being for sale. In order to rectify this we must continually work towards establishing more that just a two month tourist season and try to keep overheads down. A major tourist attraction would be a big help. We have asked before for your ideas, and we ask again. Do you have any ideas?

Report from Queen's Park

by MPP John Eakins

For the majority of people in the Province, the most interesting aspect of Wintario is the possibility that, if Lady Luck smiles in the right direction, they may be one of the "Big Winners". However, the main objective of the Government in putting this scheme into effect was to raise funds for the support and encouragement of cultural and recreational activities.

During its first fiscal year, which ended last March, Wintario had profits of \$42 million, and announced grants of \$25.6 million. To date, more than \$52 million has been awarded in grants for such diverse purposes as a million dollar art complex, baseball uniforms for old timers' teams, and a grape-stomping festival. Recently the Government has announced that municipalities with arenas which have been assessed as unsafe can qualify for assistance through Wintario, in addition to the 25 per cent of the total cost of repair and replacement which is to be granted to selected arenas under the Community Recreation Centres Act.

There is one quite unique Wintario grant which should be mentioned the case of the newly-formed Multi-cultural History Society of Ontario. The booklet "How to share in Wintario" released approximately one year ago, stated that a comprehensive multicultural history of Ontario would be commissioned, and this is the only project fully financed by Wintario. The amount of the grant is \$3 million.

The revenue from each one-dollar Wintario ticket purchased is divided as follows: 38 cents allocated to grants, 42 cents to prizes, 13 cents to sales commission and 7 cents to administration costs. Grants are available for projects in five broad areas: art support, sports and fitness, public libraries, multicultural activities, and heritage conservation. The amount of grant varies with the type of project and the category into which it is placed. There has been considerable criticism of the methods used to determine criteria for grants, and the problems many groups encounter in attempting to qualify for Wintario funds.

Basically, there are two types of Wintario grant. The first is an operating grant, awarded on a one-time basis, for a specific project or need. Requests are only considered before the event, and applicants are requested to supply detailed information on the proposed budget, other sources of funding, structure of the organization, and the names of people in the community who support the project. Wintario supplies a simple application form, and experience has proven that applications tend to be processed more quickly if very detailed information is supplied.

The second type of Wintario grant is for capital requirements, and here the funding procedure is more complicated, and on a "matching" basis. In Southern Ontario, eligible projects receive up to one-third funding (after all other federal and provincial grants have been deducted). However, Wintario will only "match" all corporate and private funding on a dollar-for-dollar basis. In Eastern and Northern Ontario, Wintario's contribution would amount to half the cost of the project after other grants have been deducted, and every corporate and private dollar would be matched by \$2 from the lottery funds. The procedure varies slightly for multi-cultural or special purpose facilities.

Wintario has defined "capital" as "the purchase, construction, restoration or alteration of buildings (or land), site works or permanent equipment". All facilities must be owned by an incorporated non-profit organization, a municipality of a public agency. They must be available to the general public and there must be a

demonstrated ability to sustain operation costs.

The entire area of capital funding by Wintario has been strongly criticized by both Opposition Parties, and Toronto's "Globe and Mail" carried an editorial on September 1st, headed "Wintario's costly grants", which stressed the fact that a grant from Wintario "is a far cry from an outright giveaway", that "there are some very expensive - and, in many cases, prohibitively expensive - strings attached." The editorial also endorsed Liberal Leader Stuart Smith's suggestion that "the guidelines governing the Wintario grants program should take each community's per capita income into account. That way, a wealthy community might still have to make a dollar-for-dollar split with Wintario while a poorer one would only have to raise 50 cents on the dollar or 25 cents on the dollar."

Wintario continues to expand beyond all expectations. Therefore, there is a great deal of money available for cultural and recreational activities. However, there have been a number of suggestions that all this money should not be allocated for specifically cultural or recreational purposes. Liberal Vince Kerrio (Niagara Falls) has suggested that some Wintario money could be used to keep hospitals in operation, which are at present threatened by government restraint measures. Minister of Environment, George Kerr, has suggested that some Wintario money could be utilized to clean up the mines in the Northern part of the Province.

In a period of restraint, obviously all government spending is under review.

OTTAWA and Small Business

By KENNETH McDONALD

The present combination of big institutions, big cities and big welfare rests on a myth - that bigness provides economies of scale. On the contrary, except in special cases, bigness results from mergers and acquisitions - organizing small and medium-sized enterprises under common ownership.

A recent U.S. Senate study shows that, though large multi-plant U.S. corporations provide 73 per cent of all manufac-

turing employment, they constitute only 3 per cent of all corporations. The average work force in each of the plants is 203 people.

Take out the obvious big auto, defence and electrical equipment plants, and the average drops to 100.

Wages vs prices. What's happened in 1976.

The anti-inflation program is nearly one year old.

The program was announced last October 14 and the Anti-Inflation Act was passed by Parliament in December. The goal was to create a fair and stable economic climate for all of us. Guidelines were established for the control of prices, profits, incomes, dividends and professional fees. The federal government established a policy of spending restraint. The provinces are supporting the program and are applying guidelines in areas of provincial concern such as rents.

The target of the first year of the anti-inflation program was to bring inflation down from a rate of 10.8% to 8% or less. This goal is going to be reached. Still, many Canadians are concerned about rising prices and may feel in fact that prices are rising faster than their family incomes. For most of us, this is not the case. The facts prove that since the start of the program most of us are better off than we were before because salaries, on average, are keeping ahead of prices.

Prices

Last year, sudden and frightening price increases were happening all too often. By October, 1975, Canadians had experienced 20 months of inflation of 10% or more. No one could be sure how far the dollar earned one day would stretch the next. The anti-inflation program was brought in to control the rise in prices, giving Canadians a better chance to plan and live within their family budgets. Price increases have slowed down. By August, the annual rate of increase in the Consumer Price Index had dropped to 6.2%. Although some price increases have to be expected this month and next, the 8% target will surely be met.

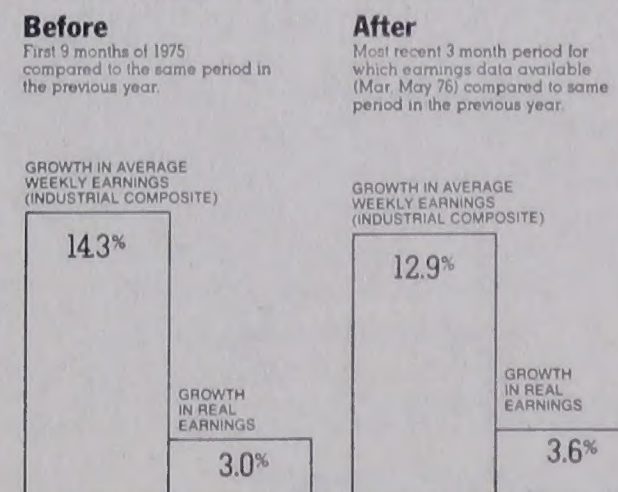

Wages

The anti-inflation program has also helped to restrain increases in wages, salaries and other incomes. The Guidelines on compensation allow for a basic increase of 8%, plus 2% as a share of national productivity growth. Another 2% can

be added or subtracted depending on whether a group had kept up with or fallen behind cost of living increases before the program began. More than half of the agreements and settlements reported to the Anti-Inflation Board have been within these arithmetic guidelines. A gradual downward trend in wage increases has started and it should continue as more Canadians realize that because of declining inflation, settling for less won't hurt them.

The real gains

Since the start of the anti-inflation program, the average Canadian has actually improved his or her buying power. This is because lower wage increases along with lower price increases have resulted in a gain in real incomes. The real gain is worked out by taking the actual increase in earnings and subtracting from it the effects of higher consumer prices. Real incomes are probably the best measure of how we're doing, of how we can manage to pay our bills at home. By this spring, real incomes were up 3.6% over last year.

Controls on both prices and incomes are part of the reason why the inflation rate is dropping. The co-operation and hard work of most Canadians is the rest of the story. We will soon be moving into the second year of the program, with a goal of lowering the inflation rate to 6% or less. Working together we can reach this target too.

Dr. K. Hartwick will replace Dr. R. Heyes as House Doctor. Dr. Heyes' growing practice made it difficult to carry on. He was well liked by the residents.

Nursing Home Weekend was suitably celebrated on Sept. 17 - 18 and 19. Mrs. Miriam Lewis had her hands full getting ready for our "Hawaiian Party" on the 17th. There are 25,000 such persons served by the Nursing Homes of Ontario and I imagine that there are even a larger number of seriously ill persons being taken care of by their loved ones. One sees the lighter side of these residents at our parties. It is one way of keeping up their morale. The indomitable spirit is a great virtue when one is suffering from a terminal disease.

We regret to report that Mrs. Anderson, wife of Dr. Oswald Anderson of Bancroft, one of our residents, passed away on Saturday, September 11th. We extend to Dr. Anderson our deepest sympathy.

On Wednesday the Eagle Lake Women's Group had lunch at our home. They were conducted on a tour and joined us for a lively sing song.

Friday's Devotional Period was taken by the Rev. Russell Thornton of the Minden Gospel Church. His theme was "the Goodness of

God". We should praise the Lord with all our soul and bless God for surrounding us with his love and meeting of all of our needs.

On Sunday we had a very nice chicken barbeque dinner, at which we were joined by the relatives of the residents.

THE HAWAIIAN PARTY
Parties and Nursing Homes don't often go together. Our "Hawaiian Party" proved to be the exception. The atmosphere was exciting, the participation good and the fellowship warm and friendly. For a group of "crocks", that is to say disabled persons and the sick of mind, they seemed pretty lively. It must, however, be said that it was our visitors and staff that really sparked things.

Hitathi Herota Plewman acted as Master of Ceremonies. He said, his job was two-fold on one hand to see that the program didn't fall flat on its face, and on the other to see that we did not get so frisky and so rambunctious that life and property would be unsafe. Chief Potentate, Shiela Elstone, welcomed our visitors and called upon Reeve Murray Fearrey to say a few words. In reply, he said, "that the town is happy to have Extendicare to minister to the seriously ill, and secondly that it was at parties like this that brought our citizens and the Nursing Home closer together."

Many of the people came in costume. The prize winners being Mrs. Flora Walling and Mrs. Ethel Plewman. All of the residents wore coloured leis that they had laboriously made themselves.

The attendance must have been well over 200, which is far more than our seating capacity. Berkely Feir acted as our venerable Chief Ogo-Pogo. His presence caused Wakonda, the Great Spirit, to smile upon his children. Carl Bohne, Bill Glidden, Earl Cooper and Charles Plewman provided the music for a most rousing sing song.

Possibly it was Judy Bedford's Hulu, Hulu Dance who took the place by storm. This was followed by a free-for-all dance at which volunteers took part. When the votes were counted, it resulted in a dead-heat. The first part of the program was concluded by 9:15 p.m. leaving sufficient time for relatives and friends to fraternize before the Luau. The guests sat down for the Luau by 9:30 p.m., that is those who could get a chair. The Luau consisted of Waikiki Meatballs, Bo-Bo Balls in pineapple sauce, baked white fish in rum and pineapple sauce, glazed pineapple ham slices, shrimp in tempera sauce, numerous hors d'oeuvres followed by Hawaiian desserts and fruit punches.

Jake Gill took in the admittance fee. All in all it was an enjoyable affair. The Reeve hit the nail on the head when he said, "that the party brought the community and the Home closer together". To the tune of "Good Night Ladies", led by the inimical Bill Glidden, the happy affair was

by Charles Plewman

officially closed. To our many friends who helped make this such a memorable occasion, we say "THANKS A MILLION".

Resident, Stuart Belisle, worked hard and long on the clean-up after the show was over.

"WORRY IS USUALLY ONLY A MORBID ANTICIPATION OF EVENTS WHICH NEVER HAPPEN"

Local Guides first

Haliburton area Guides picked up first and second place in the Division Camporee held at Camp Adelaide Sept. 10, 11 and 12.

Haliburton took top spot with 190 points and Wilberforce was second with 176 points. "A" pennants were awarded for scoring more than 150 points.

"Despite rain and cold weather Guides participated from Bowmanville, Lindsay, Wilberforce and Haliburton in this tenting weekend. Each girl deserves credit for her individual participation in this camp, a release said.

The Guides in the patrol from Haliburton were Kim

Ward, Sharon Williams, Cindy Hore, Corrine Neville, Dana Collivar and Kelly Roberts, Patrol Leader.

The release points out that this is the newest district for Guiding in the Woodland Division, which stretches

see page 12

Seat belts and lower speeds do save lives.

This is what Ontario's new regulations are proving.

Since January 1, 1976, Ontario motorists have been required to wear seat belts. And since that date, Ontario speed limits have been lowered to 60 miles per hour on freeways and 50 miles per hour on other highways.

These new regulations are paying off. For the first 6 months of 1976, there were 66 fewer deaths on Ontario highways and 6,765 fewer injuries.

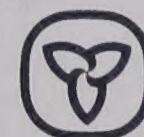

Police officials in major Ontario centres credit the wearing of seat belts and the lower speeds with these lower death and injury rates. And indeed, improved safety is the prime reason for the regulations. But there are other benefits, too. When you drive slower, you save gasoline — and lower your fuel costs.

So buckle up. Slow down and drive sensibly. For your free copy of the booklet "What You Should Know About Seat Belts," write to:

Echo Sports

The Haliburton Highlands Secondary School Football team has been preparing for the up and coming football season. Team coaches feel that although the team does not have the talent it has had in previous years it will make up for it with enthusiasm.

Scrapes and bruises are part of high school football

Enthusiasm is expected
to make up for experience

with this year's H.H.S.S.
football team, says coach

Referees clinic for officials

The Haliburton Minor
Hockey Association referees
are invited to a clinic
being conducted by Bill
Davis a former OHA and
OMHA official.

Mr. Davis said that all
persons interested in officiating
in the house
league are invited to
attend the three sessions

which will be conducted
free of charge.

The first of the three
sessions will be held
tomorrow night at the
Haliburton Arena begin-
ning at 7 p.m. Mr. Davis
noted that the first two
sessions will consist of
office lessons while the
third will be held on the
ice.

Gary Brohman. The team,
50 members in all, has
been practicing hard, and
is mostly made up of
inexperienced players who
are really eager to make
this a winning season.

Some members who are
returning from last year
and who will be very
helpful, Mr. Brohman
said, are Doug MacNab,
Craig Kennedy, Jim Thompson,
Ken Griffin, Bart Barnes
and Larry Stinson. They
are expected to be real
leaders.

Bright spots among the
rookies are Steve Culliver,

Dave Levely, Dan Mc-
Kelvey, Tim Oram, Ber-
nie Nicholls and Roger
Hicks. These players have
already shown a marked
improvement in practice.

The team plays five
scheduled games with the
Kawartha district, and
will be hoping to play an
additional two games in
the playoffs. A schedule
of games is printed on this
page.

Mr. Brohman reports that
in the five years he has
been at the school there
have never been more
than 30 members of the
team appear on Friday

afternoon for practice.
This year however, there
has been an average of 40
players out each Friday.

That kind of response
and enthusiasm, Mr. Bro-
ham says, is what makes
coaching nice, and justifies
the pride that the boys
rightly feel.

Co-coaches who have
also been helping the
boys to prepare for their
first game on Thursday,
Sept. 23 at Brock, are Bob
Culliver and Frank Wall-
ace.

The first home game
will be Friday, October 1,
against Fenelon Falls.

Last winter,
this Ottawa house
cost Graham Sadler
\$443 to heat.

Last winter,
this Ottawa house
cost Graham Armstrong
only \$335 to heat.

Why the difference? Insulation.
These days it's one of the best
investments you can make.

Keeping the heat in helps to conserve Canada's
dwindling energy reserves. And cuts your fuel bills.
Add insulation, caulking, weather-stripping and
storms. Have your furnace tuned for peak efficiency.
Keep a light hand on the thermostat.

You'll save money for yourself, and help Canada
to conserve energy and fight inflation. No wonder
insulation is one of the best investments you can
make. Remember, too, that many insulation products
are now exempt from Federal sales tax.

These two free books
show you how to save
energy and
money. Mail
the coupon

Bethel Road News

by Mrs. Bert McNeil

Mrs. Emily Warner and two sons, wives and family and daughter from Kingsville, Ohio have been holidaying at their summer cabin.

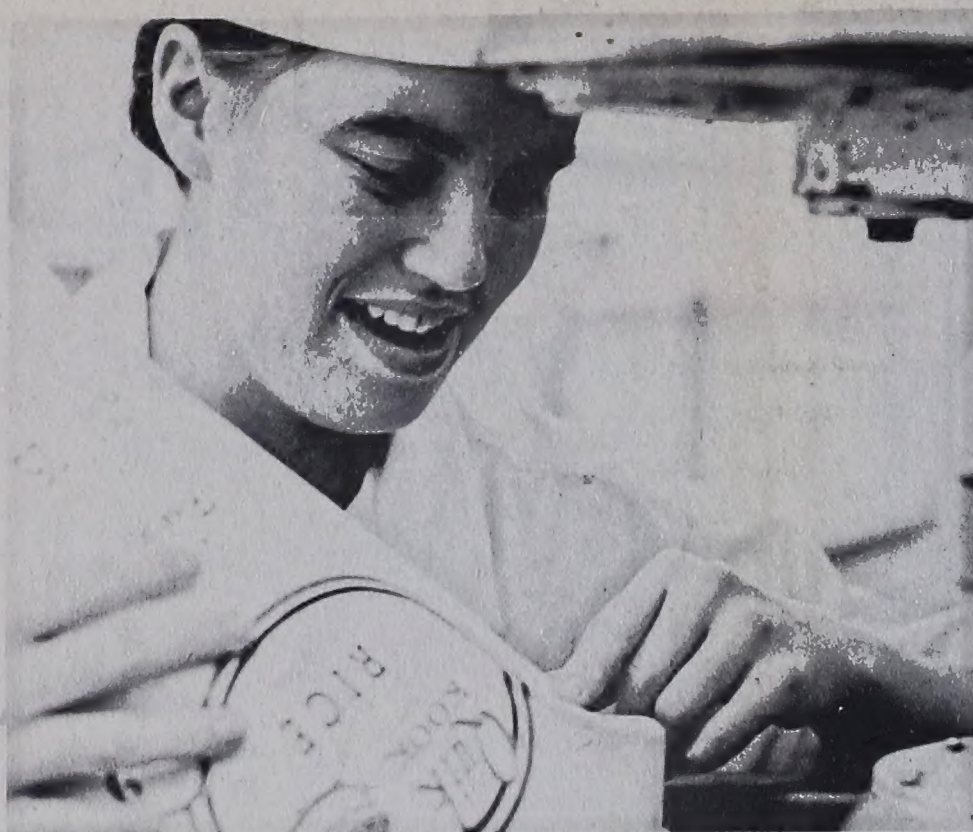

Mr. and Mrs. Stan Swiatek of Holiday Florida are on vacation and visiting with Mrs. Swiatek's sisters-in-law Mrs. Roy and Mrs. Bert McNeil.

Mr. and Mrs. Haldan Curtis and sons Dick and Tom from Erie, Penn. have been spending some time at their cabin on Little Horse-shoe Lake.

Mr. and Mrs. David Filmore have returned home after spending two weeks with Mrs. Filmore's mother and friends in Winnipeg.

Mr. Henry Hogg, of Kelowna B.C. and Mr. and Mrs. Roland Finley of Lindsay visited with Mrs. Bert McNeil one afternoon recently.

Sorry to hear that Louanne Barry is in Ross Memorial Hospital Lindsay. Hope you will soon be home again Louanne.

Private Tammy Cowen of Victoria Street prepares to make rice pudding as part of her cooks course at Canadian Forces Base Borden. Private Cowen will learn all aspects of cooking on the seven-month course before being posted to one of the Canadian Forces Bases in Canada or Europe.

Obituary

Winder

Harry John Winder, of Gooderham, passed away Sept. 10, at the Haliburton Red Cross Hospital.

Mr. Winder, born in Brighton, England came to Canada as a child of five with his parents and an older brother and sister and settled in Hamilton where his father was an engineer for the city of Hamilton, and where he received his schooling.

He came to Toronto and was supervised at International Business Machines until 14 years ago when he suffered his first stroke. He married his wife Mable Newstead in 1933 and had four sons.

In 1954, he purchased a summer business, Skyline Pavilion in Gooderham where he operated as a hobby business for a number of years.

Although his four sons were born and educated in Toronto, three married daughters of local families, Robert Sandra Nelson, David Marilyn Hunter, Ronald Shirley Cary and George married only July 29 1976 to a Toronto girl, Suzanne Wilson.

Mr. Winder's determination for recovery from his first major stroke 14 years ago and his many stroke since, has been an amazement to the doctors and an encouragement to many suffering from strokes.

Still surviving is his sister Louise in Hamilton and a niece in Hamilton, and a nephew in California. He was survived by four sons, their wives, and three granddaughters and four grandsons.

Mr. & Mrs. Winder were to have left shortly for Florida for the winter.

Minden News

The September meeting of Minden Women's Institute was at the home of Mrs. Wallace Walker on the 15th with Mrs. Lyman Cox in the Chair. After the opening, the president welcomed the two guests. A minute of silence, in memory of Dr. Ethel Chapman was followed by reading from one of her books, *Memories in Homespun*. Thirty one members responded to the Roll Call of First Aid Hints. The usual reports were given and Mrs. Allan Taylor reported sending 73 cards since the June meeting. Collection for this Fund and the Pennies for Friendship were taken. The secretary, Mrs. W. MacArthur is to send a letter

NOTICE

During the Weeks of
September 20 through October 16

Regular Sunday Services
and Tuesday Bible Studies
will be cancelled.

Haliburton Church of Christ

to Mr. S. Baker of our Public School so that our Christmas Party date Dec. 15th doesn't fall on the School Concert night.

There was some discussion about the Victoria East District Tea at Bobcaygeon Legion Hall, Oct. 21st and members offered transportation and cookies for this.

Tickets for the Bus Trip to Parry Sound, Oct. 6th were sold or spoken for, as well as meal tickets. Several Posters from our School Fair Exhibit were passed around.

Delegate to Area Convention at Toronto in November is Mrs. P. Clarke.

Mrs. J. Hulbig gave a paper using Consumer Handbook as source, and this gave facts dealing with carpeting and roofing; she gave some ideas to help us with door to door salesmen.

The next meeting will be at the home of Mrs. S. Ewing, Oct. 20th at 2 with Mrs. Taylor having a paper on Canadian Industry.

The meeting closed, and all enjoyed the delicious lunch served by the committee and a social time was enjoyed by all. Any newcomers to the village are invited to come and enjoy our meetings with us.

Mr. and Mrs. Bob Ackerblade leave Sept. 26th for a week's holiday at Puerto Rico; Bob won this trip selling parts at Coneybeare Motors.

Mrs. Verna Jarvis visited recently with her daughter and son-in-law, Mrs. and Mrs. Donald York at Mountain Lake and sister Mrs. Helen Brown at Hall's Lake.

Mr. and Mrs. Phil Robinson visited Mr. and Mrs. Ern Voycey at Gamebridge on Sunday.

Next Saturday will be the Flea Market by the Kinsmen Club at the Municipal Grounds. The proceeds go to Cystic Fibrosis.

Congratulations to Nina and Leslie Prentice who celebrated their 40th Wedding anniversary on the weekend.

Provisional County of Haliburton Roads Department

NOTICE

County Road #4, Essonville Road, will be closed at Esson Lake for road construction from Monday, September 27, 1976, for approximately nine weeks.

We apologize for any inconvenience caused to the motoring public.

W. E. Obee, P. E. Eng.
County Engineer

Gems of Truth

In the New Testament the Divine titles have to do mostly with the second Person of the Godhead, the Son given Jn. 3:16. The Divine titles used of the Lord Jesus Christ, the Son of God, reveal His character and mission. These titles refer to Him as Jesus, Christ, Lord Jesus, the Lord Jesus Christ, Son of God and Son of Man. In John chapter twenty and verse 31 we find three of these titles used. But these are written that ye might believe that "Jesus" is the "Christ", the "Son of God", and that believing ye might have life through His name.

The name "Jesus" was given our Lord by an angel of the Lord before His birth into this world. Matth. 1:21. This name is the same as the Hebrew Yehoshua, or the short form Joshua (Heb. 4:8) and means the one so named is designated Savior. So we have the "salvation of Jehovah" or "Jehovah the Saviour" brought into view.

The name "Jesus" is the personal name of our Lord as a Man on Earth. It is used some 700 times in the New Test. and expressed the relation of Jehovah to Him in the earthly birth experience by which Scripture states, "He humbled Himself and became obedient unto death, even the death of the Cross." Phil. 2:8 The name "Jesus" is the name which associates Him with the "Shame" which He endured in order to "save His people from their sins." Matth. 1:21.

It is interesting to note that none of his disciples ever addressed our Lord by His personal name, but called Him "Master" and "Lord". John 13:13, 14, Luke 6:36. As "Jesus" the Holy Spirit directed the writers of Holy Writ to only refer "of" Him as such, never were words directed "to" Him as great respect was given Him. Thus we have Him referred to as Lord Master, Rabboni, Rabbi, etc.

We read only that demons addressed Him as Jesus, Matt. 8:29 but they did not do so out of respect, but rather in fear; They did not know Him as Saviour, and the vagabond Jews of Acts 19:13 did the same. They did not know Him as to who He really was. As a Christian, those who know Him to be Jehovah the Saviour should always address Him as "Lord." Properly, it would be His full title, "Our Lord and Saviour Jesus Christ."

The title "Christ" was acknowledged by the Lord and is used as the fulfillment of Old Test. prophecy concerning His earthly life and ministry. He was the long awaited for Messiah who would be the King-Priest of God. Zechariah 6:12-13, Acts 2:36, 8:5, 17:3, 26:23. As such He suffered and died, rose again from the dead, ascended into Heaven where He continues to fill His High Priestly role to the true children of God. Being the Christ (Messiah) the Church is His property, having been saved out of the world of sin, full mankind by His work of grace on Calvary. He alone forever remains Lord and Head of the Church. It is for this reason that He was preached among the Gentiles only as "crucified," 1 Cor. 2:2, and risen 15:3, and "Lord of All" Acts 10:36.

The title "Son of God" expresses the relation of the Son to the Father. Matt. 1:20 Luke 1:31-31. It clearly shows His Deity and close relationship as the One who ever was "with God" and

"was God" John 1:1-3. As the Son of God, our Lord was "sent" by the Father 1 John 4:14 and revealed His character John 1:18, 14:7-9 and is declared to be the brightness or very same Glory. Heb 1:3. It was His claim to be the "Son of God" that caused the Jews to ask Pilate for His death sentence, because they charged Him with being a blasphemer, John 19:7, 5:18. What is really taught by these different titles is, that

in order to obtain and possess "eternal life" mankind must believe in the Name of Jehovah Saviour, the Messiah and Son of God and in all that these great Divine titles speak of and imply. The distinguishing mark between those who are

truly saved and those who are not saved is "confess with thy mouth Jesus as Lord," Romans 10:9.

Births

BACON - Ron and Sharon (nee Beaver) are proud to announce the birth of their first child, JAMIE CECIL, 7 lbs. 12 1/2 oz. on Tuesday, September 14th, 1976 at the Haliburton Red Cross Hospital. Seventh grandchild for Ella and Art Beaver and the first grandchild for Mabel and the late Cecil Bacon. Many thanks to Dr. Heyes and the nursing staff.

Thank-You

I would like to express my appreciation and gratitude to Dr. Good and Dr. Watson and staff at Ross Memorial Hospital for their kindness. Thank you to the Haliburton Ambulance Drivers, friends and relatives for their kindness, transportation and cards during my stay in hospital.

Russell Pritchard

I wish to express my appreciation and thanks to all my friends and neighbours for their prayers, calls and cards sent during Norman's illness and death.

Sincerely Muriel Brown

THANKS TO ALL

After the sadness of the passing of my husband, Harry John Winder in the Red Cross Hospital in Haliburton, Friday evening September 10th, the kindness shown by Reverend Don Nicholson, those making funeral arrangements, and the ladies of the United Church and the Pentecostal Church, all those who sent floral arrangements, and the abundance of food and help to serve it to the many friends and relatives who arrived from out of town. Harry lay in rest in his home until Monday and the service was held in Gooderham United Church while Mrs. Goff played soft music and the Reverend Don Nicholson's words of encouragement could not help but soothe the pain of our loss.

Thanks again for the whole Winder Family.

Don't waste a drop!

After the furnace, the water heater is the biggest user of energy in your home. Waste hot water, and you're wasting valuable energy.

That's a good reason for getting full value from your water heater in every way you can. By fixing leaky faucets. By insulating long runs of hot water pipe. By waiting until you have a full load before you switch on the clothes or dishwasher. By using cold or cool water when it will do the job. By taking shorter showers or shallower baths. By making sure that all the hot water that eventually goes down the drain works hard for you before it goes.

The Cascade electric water heater gives you a dependable supply of hot water and it makes good use of all the energy it consumes. But it's up to you to use hot water wisely. Don't waste a drop.

from Highland in the north to Lake Ontario in the south. "Guides have been in this area for a little over two years," the release stated. "The girls are required to pitch their tents with no assistance from leaders, cook over open fires, use camp gadgets they have made themselves, look after food properly, follow proper sanitation procedures, strike and fold tents, etc." the release said. It points out that all of these assignments were timed and the Guides were judged of every aspect of the camp weekend. "Highland District Guides are very proud of the Guides who took part and hope that our district will participate in future camps.

OPP investigate theft of \$2,690

The Minden detachment of the Ontario

Obituary

Don Bannon

Don Bannon, of St. John's Newfoundland, a former resident of Haliburton passed away suddenly at St. John's Hospital Sept. 13.

Mr. Bannon is the beloved husband of Jean Barry, dear father of Paul and Janice of Newfoundland, and son of Mr. and Mrs. Harold Bannon of Haliburton.

Also surviving are two brothers, Gerald of Vancouver and Bill of Toronto and two sisters Dianne of California and Debbie of Barrie. He was predeceased by one brother.

Provincial Police is investigating the theft of \$2,690 in \$10 and \$20 bills from the residence of Andy Sisson, 78, of West Guilford.

The police report that the home was entered by the rear door and a woman's white purse was taken from an upstairs bedroom. The purse was hidden under a blanket on a bed.

"It is believed slightly more than \$1,000 has been recovered in a partially burnt state from the West Guilford dump," the police report said.
